

## Drone II

### Product information

The Drone II is an industrial Light fitting designed for illuminating factory or warehouse aisle and corridors. This fitting has a 60deg beam angle CRI80 and come with two mounting options. Suspension hook or surface mounted by a suspension bracket.

The body of the Drone II is made with die cast Aluminium for better heat dissipation and finished off with clear polycarbonate diffuser.

The Drone range of linear high bay fittings have IP65 rated breathable glands on the endcap for heat dissipation through convection.

Non-dimmable ECG is standard / DALI dimmable driver is optional. CRI90 is also available upon request.

50,000-hour 5-year warranty L80
